## NOTICE OF APPLICATION

### **Gillis residence – 4524 190<sup>th</sup> Avenue SE, Issaquah Home Occupation Application: HO13-00001**

Dear Interested Property Owner:

The City of Issaquah Development Services Department is providing an opportunity for public comment on a Home Occupation Permit (Level 2 Review) application for the following project:

Project Description: Chinese Tutoring Home Occupation: An application has been submitted by Mark Gillis & Wenxin Huang-Gillis for a Home Occupation Permit (administrative review) that will involve customer visitation associated with the home occupation at the Gillis residence. The home occupation involves tutoring of children in Chinese language and culture to develop skills in the ability to speak, read, and write Mandarin Chinese. Approximately 275 square feet of the house will be allocated for the home occupation.

The business proposes 8 classes per week during the days/hours of:

- Wed. (2 classes: 8:30 a.m., 1:30 p.m.)
- Sat. (5 classes: 8:30 a.m., 10:00 a.m., 11:30 a.m., 1:30 p.m., 3:30 p.m.)
- Sun. (1 class: 9:00 a.m.)

The home occupation proposes to tutor up to a maximum of 8 children at a time (the average is 5).

The applicant proposes to comply with the traffic trip allowed for home occupations that is 20 trips maximum per day (a vehicle arriving and then leaving counts as 2 trips). See attached project narrative description.

Location: The project is located at 4524 190<sup>th</sup> Avenue SE, Issaquah, WA, in the Greenwood Point Subarea. See attached vicinity map.

## **Attachment to Land Use Permit Application: Home Occupation Narrative**

This narrative is written by Mark Gillis with contributions from his wife Wenxin Huang-Gillis as an attachment to the Land Use Permit Application form. It describes my wife's home occupation in general and a point-by-point elaboration of the Issaquah Municipal Code Chapter 18.07, Section 470 – Home Occupation.

### **Summary**

My wife provides a valuable service for the vibrant Chinese-American community in the Seattle area. She tutors their children in Chinese language and culture. Not only does she help preserve their heritage, but she helps develop a valuable career skill, namely the ability to speak, read, and write Mandarin Chinese. The home environment that she provides is attractive, professional and conducive to her service and clients.

We worked in a cooperative and proactive manner to mitigate several neighbor's concerns about the traffic situation in our neighborhood. We also met with the president of the Meerwood Home Owner Association in an open, honest, and professional manner. Over a several week period, we tried different approaches to see what was most effective. We finally came up with a solution that we believe balances our right to conduct a home business with the right of our neighbors to keep a calm traffic environment. Now, most of our clients either car pool or temporarily park outside the cul-de-sac, away from any other homes in the area, and walk to our home.

As a result, we are conducting the home business within the legally allowed car trip limit of 20 trips per day.

### **Additionally requested information:**

Question: How many children at a maximum time, (outside of your own family) will be involved with the tutoring?

Answer: The maximum children per class is 8. The average is 5.

Question: What days of the week and what hours of the day will the home business be in operation?

Answer: The following is a summary:

Day of the week	# of classes	Times
Wednesday	2	8:30, 1:30
Saturday	5	8:30, 10:00, 11:30, 1:30, 3:30
Sun	1	9:00

Question: Do you have an estimate how many car trips per day will be generated by the business? (A vehicle arriving and then leaving counts as 2 trips).

Answer: The current amount of trips per day into the cul-de-sac is 6. See above for an explanation.

Question: What is the square footage of the house that will be involved with the business?

Answer: 275 square feet.

## Elaboration

The following is a point-by-point elaboration of the relevant sections of the city code that clearly show that this home occupation complies with both the letter and spirit of the law.

### A. Purpose:

The home occupation is consistent with the existing character of the surrounding neighborhood as defined by the following approval criteria.

B. Table of Permitted Home Occupations: The home occupation business is best classified as "Instruction/teaching associated with any permitted home occupation." as listed in the subsection J. Table 18.07.470, "Table of Permitted Home Occupations".

### C. Approval Criteria:
