PROJECT INFORMATION

Project Description: Proposal for Phase 2 & 3 of the approved Kelkari residential development. The current proposal consists of 75 new townhouse units.

The proposal is consistent with the previously-approved development; the site access and building areas are located in the same areas as previously planned for development. The project has been modified to include townhouse-style buildings where under the previous approval dwelling units were combined and stacked in larger buildings. The original permit approval allows for 126 additional units in Phases 2 & 3, the current proposal is for 75 new dwelling units.
(See attached Site Plan)

A Master Site Plan Amendment and Binding Site Plan Amendment are required to address the proposed changes for Phase 2 & 3 development. An Administrative Site Development Permit is also required to review Phase 2 & 3 development.

Background: A Master Site Plan, Site Development Permit, and Binding Site Plan for Kelkari were first approved in 1998 and comprised 189 dwelling units in 9 buildings. An Environmental Impact Statement (EIS) was prepared for the development. Phase 1 with 63 units and a clubhouse was completed in 1999. A portion of the development area for Phase 2 was cleared, graded and site improvements constructed. A Binding Site Plan, including all phases of the development lots and critical area parcels was recorded in 1999.

Project Location: Sunrise Pl SW and Cabin Creek Lane SW
The Phase 2 project area is located on the north side of Sunrise Pl SE and Phase 3 project area is on the south side of Sunrise Pl SW.
